In connection with the budget
estimates of the Edu Deptt for 1903-04
the Dfl of Edu had recommended
that a sum of Rs 50 a month
may be sanctioned in aid of
the above school But the
recommendation was not sanctioned
The second Council it was of
opinion that a detailed report
should be obtained regarding
the school So a report was
called for regarding this (and
several other schools) vide

Govt Grant in aid of Ry School
Your docket No 4412 of 17-11-1902.
989

In reply I beg to inform you that the reason why the Government should be requested to aid the school is, because it is not exclusively for Ry Employes' children, and any one may be admitted to the school, besides the fees charged are simply nominal and the school cannot attain the status a school should be maintained at, for want of funds.

The schools maintained by the Railway, at Guntakal Hubli and other places are aided by Govt Grants and I feel sure the Mysore Govt will also grant the aid sought, if you will only be kind enough to represent the matter for which I shall feel greatly obliged.

Yours faithfully

Office of the Deputy Inspector of Schools
Bangalore District
Dated 24th January 1902

To
The Inspector General of
Education in Mysore

Sir,

With reference to your docket No. 5708
297
of the 8th Instant, I have the honour to
submit the following report on the Railway School
and Institute of the Southern Maharashtra Railway
Company at Bangalore

The Railway School.

2 The School is a mixed School for European
and Eurasian boys & girls, who are the children
of the Railway Servants stationed at Bangalore

3 The School which was commenced in
1898 had been located in one of the vacant
buildings belonging to the Railway Company,
and in its isolated and cramped quarters all
the children desirous of joining for instruction
could not be taken and taught. A new
School house was however erected by the
Railway Company and was occupied by the
School in the first week of the current month.
The building which has three rooms is well
lighted and airy, but has to be enlarged
to provide sufficient accommodation for the
numbers in attendance.

4 There are 53 pupils enrolled of
whom 25 are boys and 28 are girls. The average

(6)
daily attendance during the last month
was 50. The pupils are distributed as follows -

II Form 4, I Form 5, IV Class 5, III Class 6,
II Class 8, I Class 11 and Infant Class 14.

5 Up to December last there was only
one mistress employed on Rs 25 a month to
teach and manage the whole school and since
then the staff has been strengthened by the
appointment of two more teachers. The present
staff consists of - Head Mistress, Miss
E Bennett (Matriculate) pay Rs 60, First
Assistant Mistress, Miss B Pereira (Lower Second-
ary) pay Rs 25, Second Assistant Mistress, Miss
M. Close (Middle School) pay Rs 20. The Head
Mistress has, in addition to being a Matriculate,
been trained in the Madras Normal School.
There is a peon employed on Rs 7 a month
and Rs 10 are required every month for
stationery and books.

6 The monthly fee collections have
averaged Rs 17 up to December last and may
increase to Rs 22 with the increased attendance.
There are about 20 children who are too poor to
purchase the books and to pay the fees. To
these both tuition and books have to be given
free, or they will go without education. They are
the children of very poor parents.

7 The school fund is at present made
up of the school fees and the grant given by the
Agent and Manager of the Southern Mahratta
Railway Company. The total monthly expenditure

is, as detailed in para 5, Rs 122. Deducting the fees from this amount, there is a balance of Rs 100, one half of which may be paid by the Government as a monthly grant in aid of the school with effect from 1st July 1902, the other half being contributed by the Railway Company.

8 Mr. E. Kelly, Superintendent of the Loco Department is the Secretary of the school Committee and may be recognised as the manager to sign the grant-in-aid bills and forward them to the Inspector General for counter signature.

The Railway Institute

9 The Institute has a Reading Room, a Library, and a Billiard Table, provided for the use and benefit of its members. It is supported by 65 members and the monthly subscriptions paid by them, which range from Rs 2 to annas 4, amount to Rs 45. At times the Institute is let out and a rent on an average of Rs 30 a year is received. The Billiard Table gives a clear profit of Rs 5/- a month after paying all its expenses. The annual income of the Institute is thus Rs 630. The expenditure at present amounts to Rs 675, - Subscriptions to papers and periodicals Rs 243, Establishment Rs 372, and Lighting Rs 60.

10 Five papers are said to have been discontinued from the 1st instant owing to want of funds. The books in the Library number

(8)

180 volumes and no additions have been made to the Library for some time. The General Secretary requests that the Mysore Government may be pleased to grant Rs 20 a month in support of the Institute so that the range of its usefulness may be increased. As the application is the first of its kind in the District, I am diffident to make any definite recommendation but leave it for the consideration and disposal of the Inspector General.

11 The letter bearing Inspector General's register No $\frac{14114}{3817}$ of 11-6-1901 is herewith returned.

I have the honour to be
Yours

(Signed) B Venkatasubramanian

SIR

With reference to your docket no 1235 dated
the 24th August enquiring whether the monthly
grant of Rs 50 recommended for the Southern
Maharatta Railway School at Mysore may be
paid from any savings in the Budget for
1903-1904, ^{and docket No 1106 of the 7th instant} I have the honour to inform you that
the Municipality of Mysore was paying a monthly
grant of Rs 70 to the Karnataka Bhashajyoti
Pathasala at Mysore on account of Scholarships
available in that institution under Government
Order No 4277-80 dated the 28th July 1890.
^{Cr 84 Financial}
The Pathasala was converted into the present
Normal School in January 1894 and the grant
was paid to the Normal School and credited to
